About Us

Jordan Green Building Council (Jordan GBC) is a non-profit, non-governmental, cross-sector, member-based association, and part of a global network of over 70 green building councils under the umbrella of the World Green Building Council (World GBC). **Jordan GBC** is a Green Business Association that advocates for and enables a healthy and resource-efficient built environment that contributes to climate action and circularity with the aid of sustainable development goals (SDGs).

Our Mission

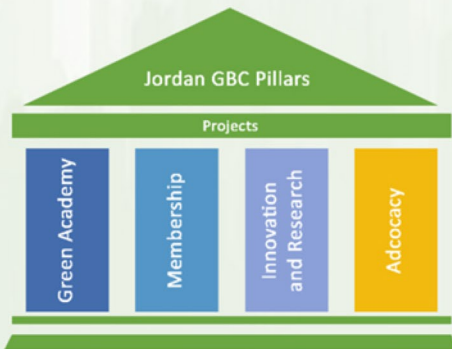

Driving the built environment and its relevant sectors towards **zero-carbon** and supporting **climate resilience**.

Our Vision

A healthy, sustainable, and resource efficient environment that is affordable and available for all individuals and local communities.

Our Values

We believe that **living, working and study in healthy and sustainable buildings** is a right for everyone through, and it can be achieved through positive public/private and civil society cooperation. The council seeks to spread the principles of innovation, teamwork, integrity, and transparency.

Memberships

Be part of our Green Network of international experts, dedicated in maximizing opportunities for Green Building Sectors, promoting awareness and advocating for the adoption of Green Building Practices and Green Environmental Actions; and gain access to internationally certified training programs, and regional and international networks that help you maximize your opportunities in the sector.

Our active and engaged members are a supportive community of individuals and companies from all segments of the green sector that shed light on the most important services, products and internal processes that are eco-friendly, through sharing their own experiences, using our green promotional and networking platforms.

The Jordan GBC has created a platform for dialogue between the public and private sectors, as well as the civil society in order to help in creating the required green market transformation.

We are constantly striving to grow our networks and expand our services to increase the value we bring to you as a member
